Master of Nursing: Adult, Child or Mental Health Fields
Course overview

• MSc Nursing is a two year long programme at level 7 (180 credits)
• 50% theoretical and 50% practice-based learning
• 45 weeks of study in each year
• Fixed calendar of studies with scheduled periods of leave and flexible study weeks
• Placements fall throughout the year
• We expect you to prioritise attendance at university and placement over most other commitments
Course Overview

• Masters in Nursing: Adult, Child and Mental Health
• Responds to the new Standards for Pre-Registration
• Nursing Education (NMC 2010) and National Drivers
• Philosophy - Relationship Centred Care
• Incorporates Six C's, Employability,
• Graduateness, Flexibility, Adaptability and Resilience
Why study at Sheffield Hallam?

People

• Your lecturers are drawn from a pool of registered nurses with practical expertise in your chosen field as well as a background in research
• All lecturers are qualified educators and have (or are working towards) NMC teacher status
• You will be supported by a team providing education guidance, counselling services, disabled-student support and more
• Sheffield Hallam has been one of the UK's largest providers of health and social care courses and provided nurse education since the 1980s
How is the course structured?

• 'Hub and Spoke Placements', across hospital and community boundaries
• One assessed placement per stage
• Increased use of placement pathways (spokes)
• Emphasis public health / recovery model agenda
• Must successfully complete each year before progressing to the next
Structure

• As already graduates: have study skills, academic skills etc. so 'accelerated learners' academically

• Stage 1 = 1 year
  • Stage 2 = 1 year

• More practice than theory
• Supported in clinical practice by up-to-date qualified mentors who have undergone their triennial review

RPL against the certificate in care related studies - year 1 of the current UG programme
Recognition of Prior Learning (RPL) Portfolio

As a student you will compile a portfolio that will allow you start on year 2 of the course. The portfolio will include:

- A situational analysis which demonstrates you have an understanding of relationship centred care and interprofessional working.
- Evidence that you have gained 760 hours practice experience
- Mapping your experience against nursing learning outcomes, where you will provide supportive evidence
- Competency Assessment Document (CAD) completed by a professional suitably prepared to assess (assessor trained)
Finance

• From 2018 all tuition fees for nursing will be paid by the student themselves.
• You will be eligible for a £10K loan for fees and living expenses
• Our finance and support team have short lectures scheduled in the programme
• Talk to our team at the finance stand in the exhibition area for further information
Curriculum Practice

• Provides students with a platform to develop the competencies required to deliver quality relationship centred care in a range of different settings
• We will work in partnership to review, update and expand practice placement provision, ensuring they reflect the demands of contemporary nursing
• The students will be allocated a hub placement and spoke placements
Hub and Spoke Placements

• Hub Base placement with long arm mentor/assessor
• Spoke
  • short placement with support mentor, provides evidence for long arm mentor/assessor
• Visits
  • e.g. 1 day
What next?

How to apply:

• Visit the Nursing & Midwifery stand where you can speak one-to-one with nursing colleagues
• More information is available online at www.shu.ac.uk/prospectus
• Admission criteria
  • English, Maths & Science at level 2 and honours degree of 2:2 or higher
• Your personal statement should demonstrate the aptitudes and attitudes appropriate for a professional caring role
• UCAS application > short-listing > interview > portfolio of evidence
